SUBMISSION REVIEW AND EVALUATION

Project Name: P&R MASTER PLANS UPDATE

Project Number: RFP #20-011

OVERVIEW

Using this file and ranking the participants to the BID/PROPOSAL submittal referenced at the top of this page, will allow for a more robust evaluation process by which to identify and compare **RESPONSIVE** and **RESPONSIBLE** companies. Procurement will fill in the information found on the TALLY SHEET to identify RESPONSIVE submittals. Evaluators familiar with the criteria of the project and selected by the affected department(s) will rank the elements of the BID/PROPOSAL by the weighted, customizable but uniform questions found on each of the additional tabs. For each of the categories the evaluators are requested and encouraged to include comments reflecting their personal judgement of the submittal packages.

The combination of these two independently derived scores will result in an overall ranking of the merits of the contributor on an easily comparable scale of 0-100%.
