(1) Amounts reported are net of tax incentive rebates and transfers to BURA; and represent all funds. The 2016 and 2017 Actual column may include sales tax from a prior period collected in the current year.

(2) The June 2017 "actual amount" is an accrual of sales tax that is estimated to be collected in July.

(3) We understand the large sales tax collections in September and December 2016 resulted from businesses utilizing specific Federal income tax provisions that may not re-occur in future years.
