

Ward Redistricting

City Staff Representatives: Kayla Barber-Perrotta, Budget & Performance Manager

Agenda

Overview of Requirements

Scenarios

Next Steps

Overview

Purpose

- Need to have wards redistricted prior to balloting for 2023 City Council elections based on 2020 Census
- No more than a five percent population deviation between most and least populous district

Additional Requirements

- Districts should be drawn as equal in population as possible
- Districts should be compact
- Districts should be contiguous
- Districts should not be done via political gerrymandering and should maintain racial equality among districts
- Preservation of communities of interest

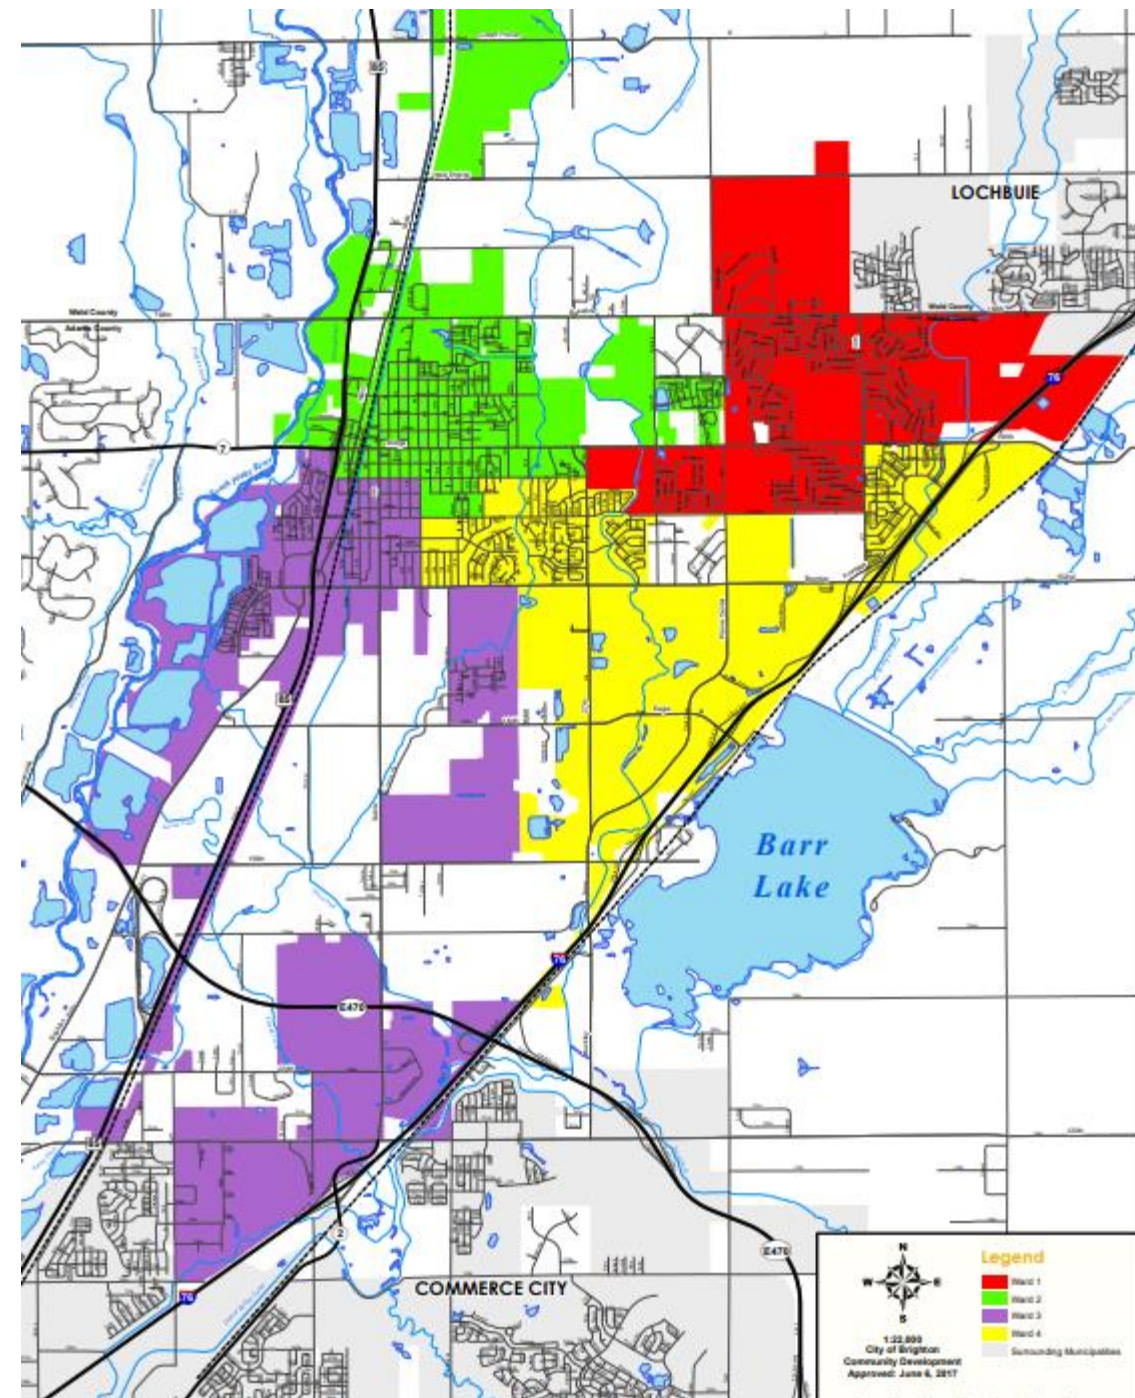

Overview

Additional Considerations

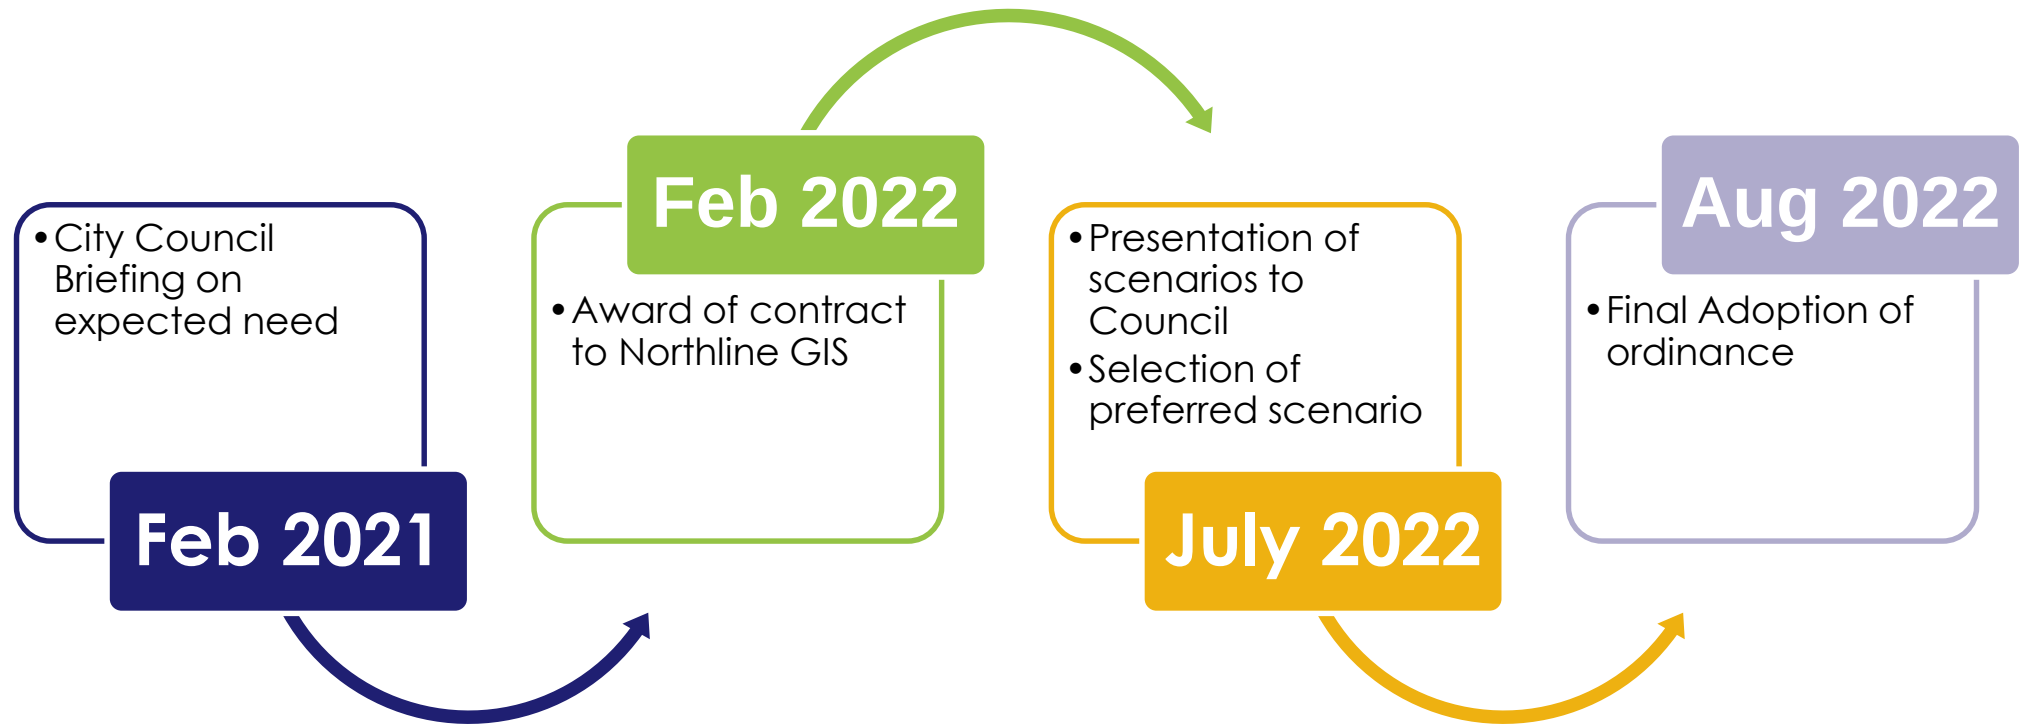

- Maintain neighborhood connections
- Consideration of current and future growth
- Locations of current Council and Planning Commission Members
- General election precincts

Current Distributions

- Ward 1: 10,965
- Ward 2: 10,515
- Ward 3: 9,368
- Ward 4: 9,239

Timeline

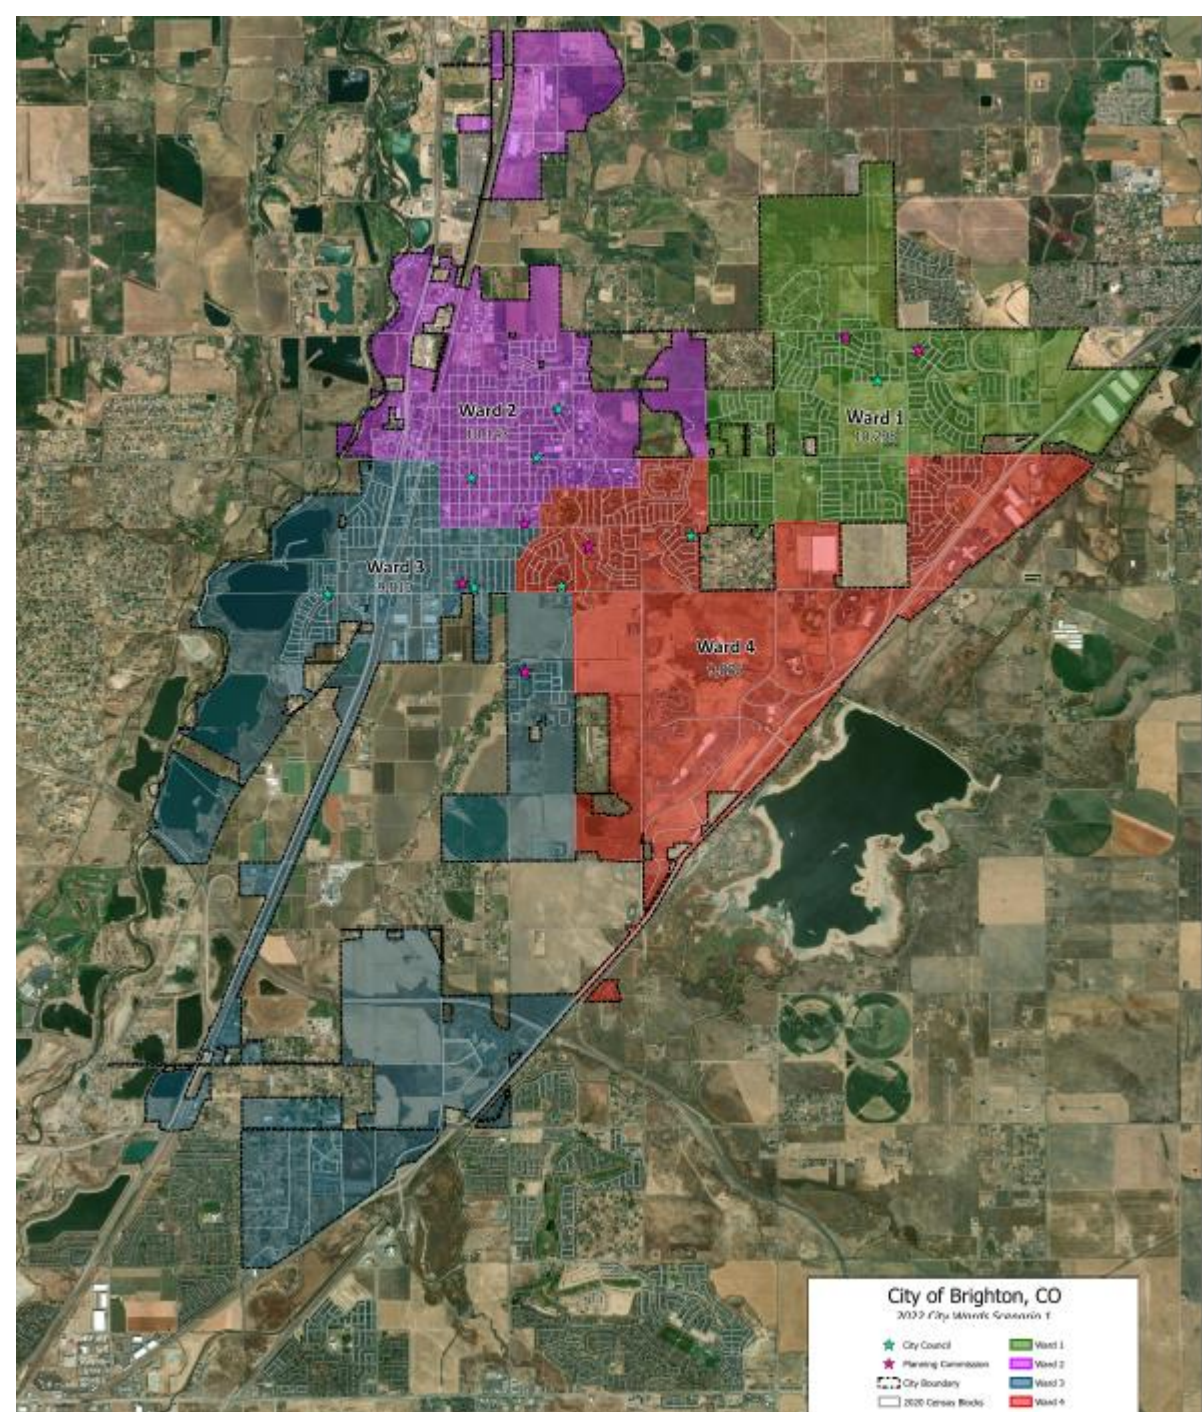

Scenario 1

Ward Populations:

- 10,298
- 10,143
- 9,836
- 9,810

Difference in population from largest (Ward 1) to smallest (Ward 3): 4.8%

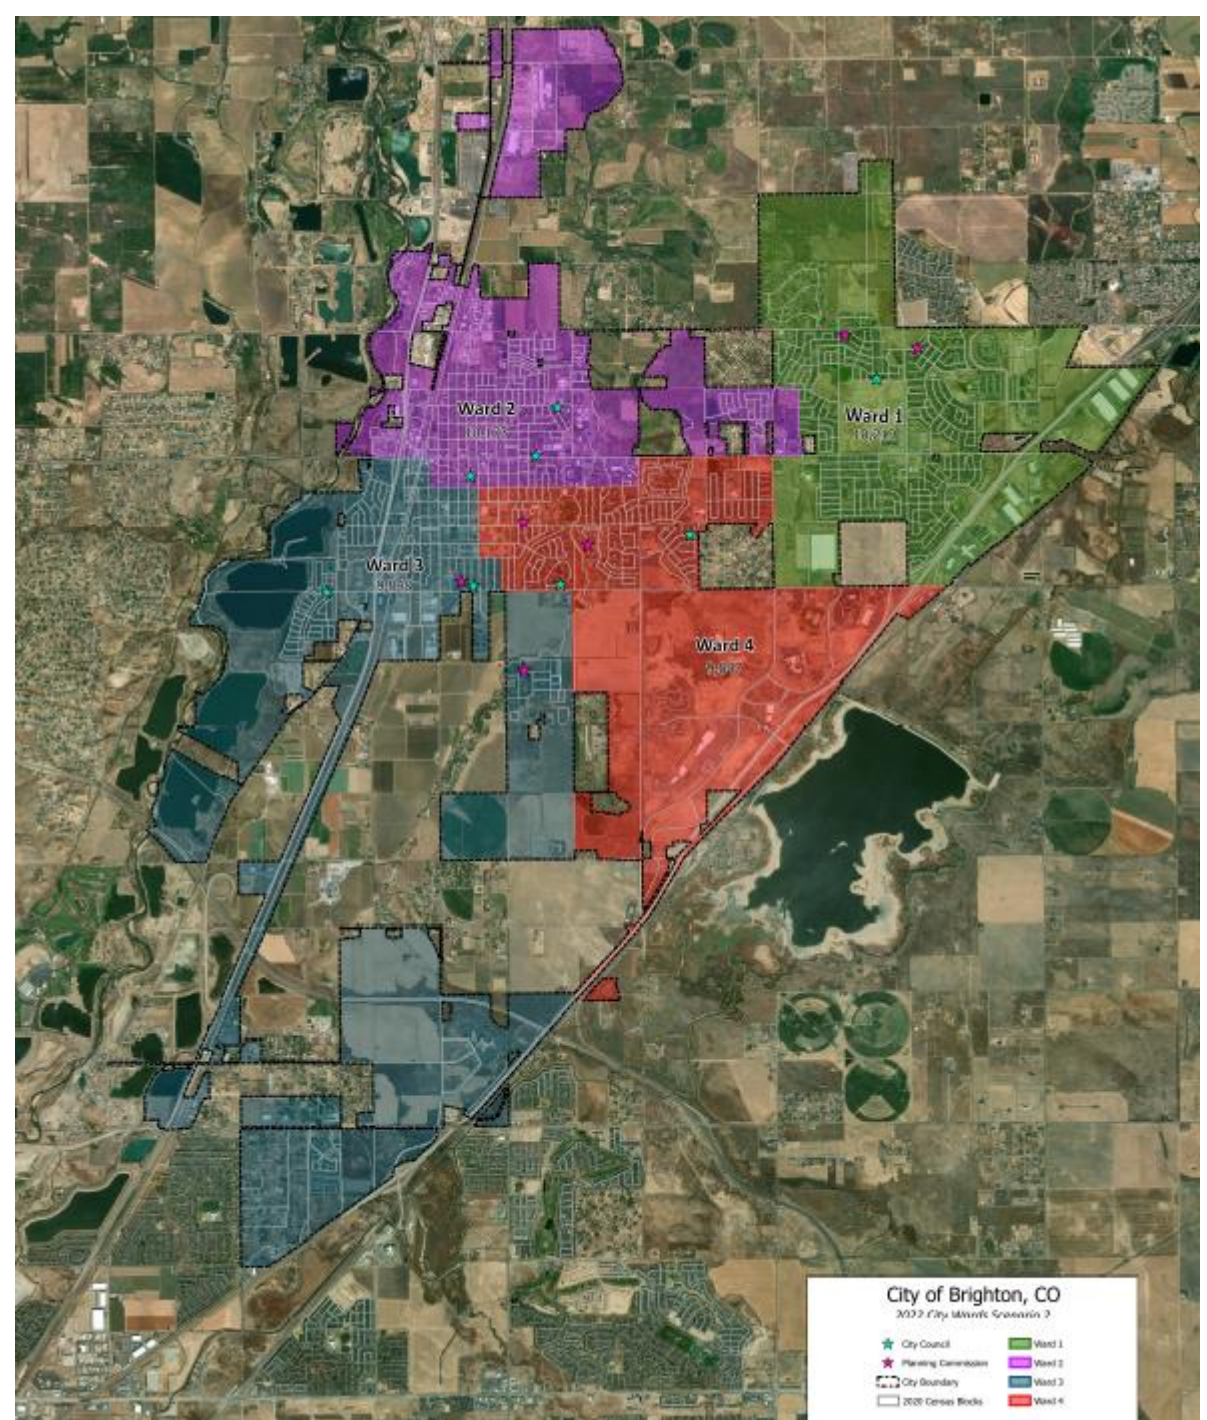

Scenario 2

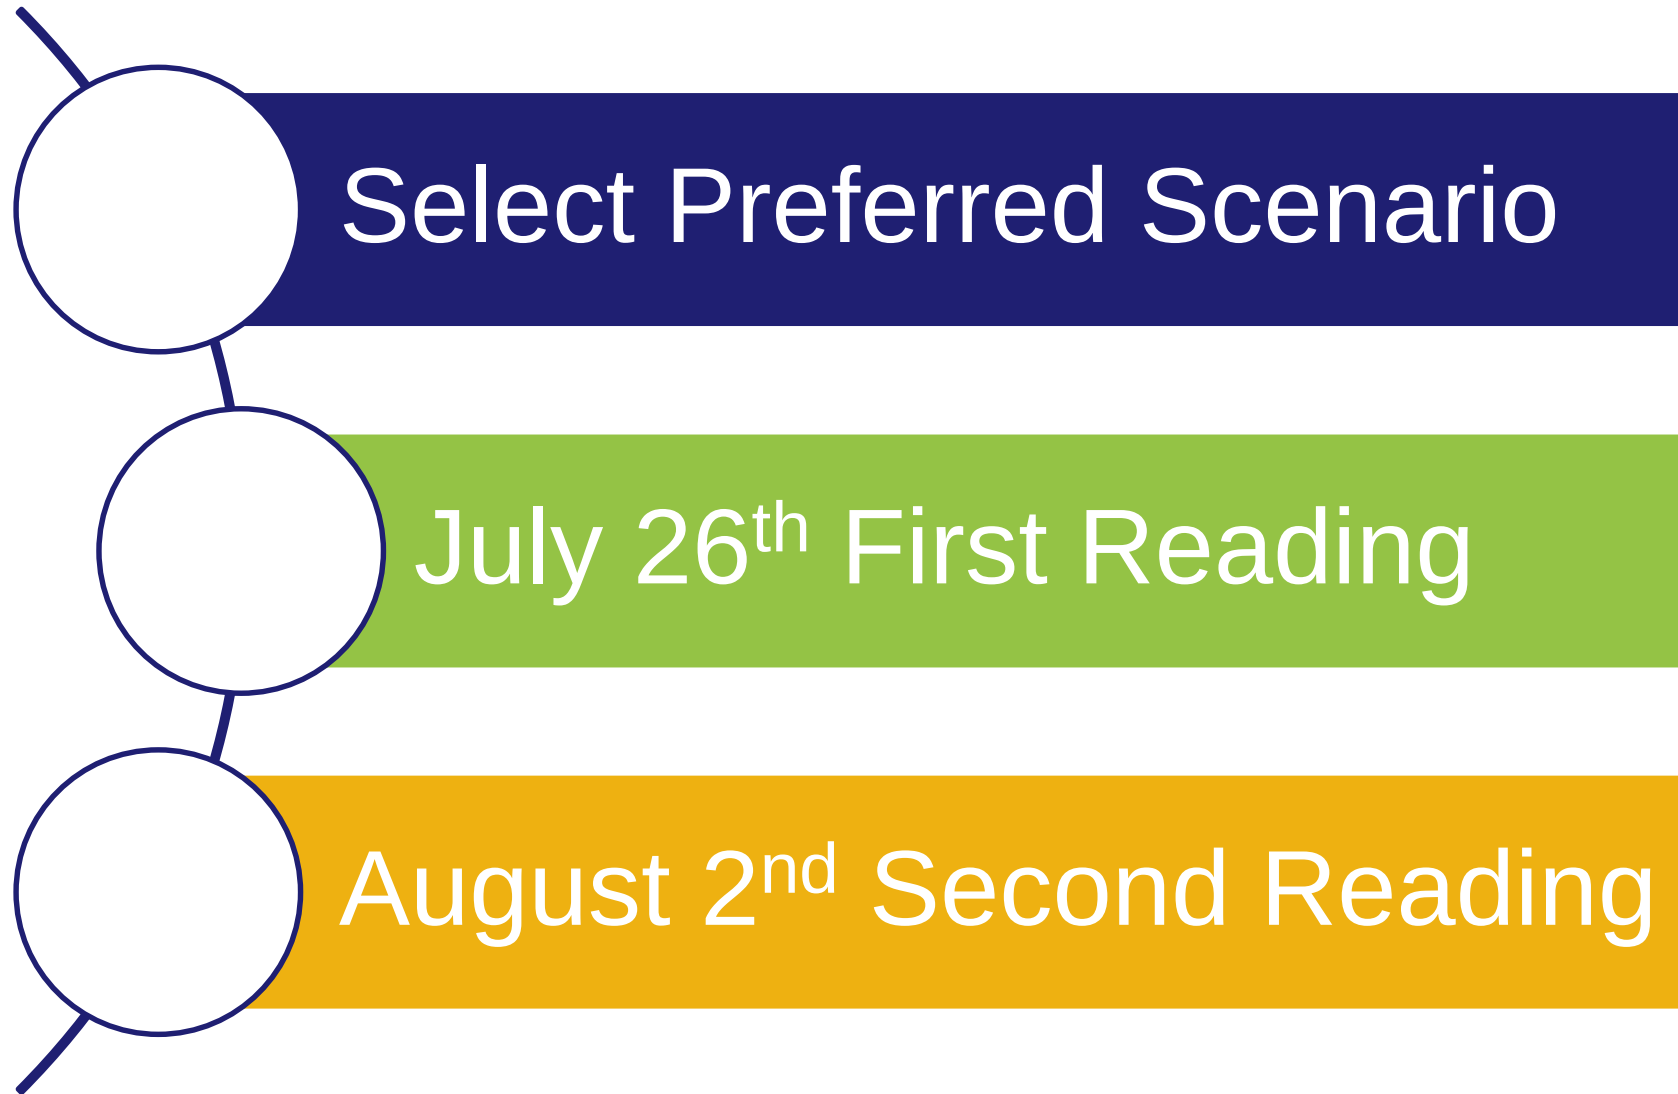

Ward Populations:

- 10,219
- 10,173
- 9,848
- 9,847

Difference in population from largest (Ward 1) to smallest (Ward 3): 3.7%
