

BRIGHTON CITY COUNCIL ORDINANCE

RIDGELINE VISTA PLANNED UNIT DEVELOPMENT ZONING

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BRIGHTON, COLORADO, APPROVING THE ZONE CHANGE REQUEST TO REZONE THE EXISTING NEFF PUD (PLANNED UNIT DEVELOPMENT) AND ADJACENT PARCEL ZONED ADAMS COUNTY A-3 TO THE RIDGELINE VISTA PUD, FOR THE APPROXIMATELY 69.276 ACRE PROPERTY, KNOWN AS THE RIDGELINE VISTA PUD, LOCATED WITHIN THE NORTHWEST QUARTER OF SECTION 1, TOWNSHIP 1 SOUTH, RANGE 66 WEST OF THE 6TH PRINCIPAL MERIDIAN, CITY OF BRIGHTON, COUNTY OF ADAMS, STATE OF COLORADO.

ORDINANCE NO.: 2289
INTRODUCED BY: Edwards

WHEREAS, Galaxy Land Company, LLC (the “Owner”) owns a property approximately 69.276 acres in size, generally located south of Baseline Road, east of the 60th Avenue alignment, and northwest of I-76, and more specifically described in **EXHIBIT A**, attached hereto (the “Property”); and

WHEREAS, the Applicant, Eric Eckberg, Coronado West, LLC (the “Applicant”), on behalf of the Owner, has requested approval of the Ridgeline Vista PUD (the “PUD”), attached hereto as **EXHIBIT B**; and

WHEREAS, in accordance with the public notice requirements of the *Land Use and Development Code*, the City Council of the City of Brighton, Colorado, finds and declares that a Notice of Public Hearing was mailed to all property owners within 300 feet of the Property, a public notice was published in the *Brighton Standard Blade*, and a sign was posted on the Property, all for no less than fifteen (15) days prior to the City Council public hearing; and

WHEREAS, the Planning Commission conducted a public hearing on August 14, 2018 to review and consider the PUD pursuant to the applicable provisions and criteria set forth in the *Land Use and Development Code* and provided a recommendation of approval to the City Council; and

WHEREAS, the City Council conducted a public hearing on September 4, 2018 to review and consider the PUD pursuant to the applicable provisions and criteria set forth in the *Land Use and Development Code*; and

WHEREAS, at the public hearing, the City Council received and considered all relevant evidence and testimony from City Staff, the Applicant, and other Interested Parties, including the public at large; and

WHEREAS, the City Council hereby finds and determines that the PUD does follow the intent of the *Comprehensive Plan* in providing for the future of the City; complies with the requirements of the City of Brighton *Land Use and Development Code*; addresses a unique situation, complies with applicable standards; is integrated with adjacent development; sufficiently mitigates adverse impacts; provides for sufficient facilities and services to serve the Property; will be phased appropriately; and could not be accomplished in another manner.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRIGHTON, COLORADO:

Section 1. That the approximately 69.276 acre property, as more particularly described in **EXHIBIT A**, attached hereto and incorporated herein by this reference, is hereby zoned as the Ridgeline Vista PUD, as shown in **EXHIBIT B**, attached hereto and incorporated herein by this reference.

Section 2. That the Zoning Map of the City of Brighton shall be amended to reflect said zoning (PUD).

INTRODUCED, PASSED ON FIRST READING, AND ORDERED PUBLISHED, THIS 4TH DAY OF SEPTEMBER, 2018.

RIDGELINE VISTA
MIXED RESIDENTIAL P.U.D.
 LOCATED IN THE NORTHWEST QUARTER OF SECTION 1, TOWNSHIP 1 SOUTH,
 RANGE 66 WEST OF THE SIXTH PRINCIPAL MERIDIAN, COUNTY OF ADAMS, STATE OF COLORADO
 DESIGN STANDARDS

I. STATEMENT OF PURPOSE AND INTENT

The Ridgeline Vista Planned Unit Development (PUD) is a 69-acre mixed residential neighborhood proposed for development in the City of Brighton. The PUD is envisioned as a distinctive mixed residential neighborhood connected by open space and walkways with a variety of recreational opportunities. A central neighborhood park is the focal point of the neighborhood with open space, pocket parks and trail corridors connecting the residential areas to the park.

The PUD is intended to regulate the use of the land, the bulk, maximum height, setbacks, and other physical characteristics of the site, and to provide design controls associated with the design, siting and landscaping of the proposed uses. These design controls are intended to complement the City of Brighton's Residential Design Standards, as amended.

In compliance with the general intent of the City of Brighton Comprehensive Plan, the Ridgeline Vista PUD provides the City with a coordinated and harmonious development which will best promote the health, safety, order, convenience, prosperity and general welfare of its residents. The PUD responds to the goals and policies of the City of Brighton Comprehensive Plan and is planned to ensure high quality development compatible with the surrounding land uses and the natural environment. The northern portion of the property a higher density including single family attached homes and garden homes. Although not high density residential it meets the spirit and intent of the Comprehensive Plan by providing alternative housing types with being compatible with surrounding land uses which are primarily single family detached homes. The eastern portion of the property is proposed for single family detached homes, which is in compliance with the Medium Density designation of the Comprehensive Plan.

The following list outlines areas in which the community incorporates design elements that contribute to exceptional high-quality design.

- A. Provide a comprehensive pedestrian network throughout the community connecting to other regional pedestrian corridors and including the following:
 1. Eight (8) foot wide external trails located within open space tracks that provide connections between the residential areas, internal pocket parks and the Neighborhood Park.
 2. Meandering eight (8) foot wide trail along the existing ditch corridor that will meander. The trail will connect from North 60th Avenue into the neighborhood and to the ten (10) foot wide along Baseline Road.
 3. Six (6) foot wide detached sidewalks along all local streets within the neighborhood.
 4. Six (6) foot wide detached sidewalks that will be into Brighton East Farms.
 5. Six (6) foot wide sidewalks with continuous access to the sidewalk will on the east side of Brighton Crossing. Pedestrian crosswalks will bring attention to the crossing of the sidewalk.
 6. Meandering ten (10) foot wide trail along Baseline Road which connects to the response system along the east side of Brighton Crossing.
 7. Meandering eight (8) foot wide concrete sidewalk along the east side of North 60th Avenue.
- B. Provide a variety of passive and active recreational opportunities throughout the community in the Neighborhood and Pocket Parks, with the central local park serving as the focal point and organizing element of the neighborhood.
- C. Create a variety of residential home products in three (3) different planning areas to broaden the market offering.

II. AUTHORITY AND DEFINITIONS

A. Approval of Plans

Upon approval of and adoption of this PUD by the City of Brighton City Council, this document shall become the governing zoning document for the development of all uses within the Ridgeline Vista. Any form not covered by these stipulations shall be governed by the City of Brighton Land Use and Development Code, as amended, including the City of Brighton Residential Design Standards, as amended.

B. Conflicts

The provisions of this PUD shall prevail and govern the development Ridgeline Vista PUD provided, however, where the provisions of the PUD do not clearly address a specific subject, the provisions of the City of Brighton Land Use and Development Code, as amended for the underlying Zone District shall apply, as determined by the Community Development Director.

C. Underlying Zone Districts

The underlying City of Brighton Zone Districts for each Planning Area is as follows:

- Pk-A-1 Residential - 2 (R-2)
- Pk-A-2 Residential - 2 (R-2)
- Pk-A-3 Residential - 1 (R-1)
- D. Detached (All terms as defined in the City of Brighton Land Use and Development Code, as amended shall apply to the terms herein unless otherwise defined below.)
 1. **Lot Width:** The horizontal distance between side lot lines as measured at the established front yard setback line.
 2. **House:**
 - a. Single Family Detached: A dwelling with no common walls with another unit and located on a fee simple lot.
 - b. Planned Home: A dwelling with primary ground floor access to the outside which shares a common wall with one other unit without openings. Each planned home is located on a fee simple lot.
 - c. Duplex: A dwelling unit with primary ground floor access to the outside which shares a common wall with one other unit without openings. The duplex, two (2) units, share a common lot.
 - d. Single Family Attached Detached: A dwelling with primary ground floor access to the outside which shares a common wall with another unit and includes three (3) and up to eight (8) unit attached dwellings. However, two (2) are permitted in Pk-A-1 and shall be considered a Single Family Attached dwelling unit. The Single Family Attached unit can be located on a fee simple lot (Common) or a structure surrounded by common open space.

- 3. **Single Family Detached Dwelling Unit Diversity:** Single family detached dwelling unit diversity is defined as a house model having at least four (4) distinguishing exterior features, including but not limited to elevations, materials, front facade placement of windows and doors, garage location/placement, color schemes, rooflines and pitch, entryways, and porch size and locations.

III. GENERAL PUD STIPULATIONS AND DESIGN STANDARDS

- 4. **Planning Area Gross Boundary:** Planning Area Gross Boundaries are listed by the PUD Plan. Planning Area Boundaries are shown to the right of way of collector streets and arterial streets. The Planning Area acreages are calculated to the centerline of collector and local streets and to the ultimate right-of-way of arterial streets. When two Planning Areas abut one another, the area calculation is to the centerline between the two Planning Area boundaries. Density shall be computed based upon the Planning Area Gross Boundary including streets as defined above. Open space and pocket park areas are also identified and included in the Planning Area Gross Boundary and acreage. Planning area acreages may vary slightly based on the surveyed boundary at time of subdivision plat. However, the number of permitted dwelling units is fixed.
- 5. **Fee Simple:** Private ownership in real estate in which the owner has the right to control, use and transfer property at will.
- 6. **Building Cladding Material:** Cladding is a material used to provide a decorative and protective skin on a building. It can be made of wood, masonry, stucco, composite materials or concrete, and although it doesn't support the structure, it does protect against elements like wind or rain. Cladding does not include any glazed surfaces or decorative trim.

- A. Pocket parks of less than three acres shall be owned and maintained by the HOA or Metro District.
- B. The central Neighborhood Park will be designed and improved by the HOA or Metro District. The HOA or Metro District shall be responsible for the maintenance of the Neighborhood Park will be owned by the City of Brighton and maintained by the HOA or Metro District.
- C. Open space corridors shall be owned and maintained by the HOA or Metro District.
- D. On-site water quality facilities associated with the Beebe Draw Regional Detention Pond shall be owned and maintained by HOA or Metro District.
- E. All park and open space dedications shall occur at the time of Final Plat. The dedications shall be on a community wide basis based on the PUD Plan and final dwelling unit count at time of Final Plat. However, each Final Plat does not need to stand alone in meeting open space and park land dedication requirements.
- F. Enhanced landscape buffers shall be provided along perimeter arterial and collector streets as follows:
 1. Thirty (30) foot wide landscape buffer along the south side of Baseline Road.
 2. Thirty (30) foot wide landscape buffer along the east side of North 60th Avenue.
- G. All landscape buffers shall be planted in accordance with the requirements stated on Sheet 8 of this PUD.
- H. Incorporate a significant perimeter landscape buffer along Baseline Road and N. 50th Avenue. The buffers, where adjacent to a fence will include burning and landscaping with a minimum of one (1) tree and five (5) shrubs for every 1,000 square feet of buffer area. In addition, at least 50 percent of the buffer shall include a lawn or vertical change in elevation such as a retaining wall with the purpose of reducing the visibility of the fence.
- I. Incorporate a tree lawn and six (6) foot detached walk along all local public streets with street trees planted on an average of forty (40) feet on-center creating a treeless neighborhood within the Brighton Community.
- J. Variation in lot sizes is met by the variety of housing products and lot sizes proposed including single family detached homes, paired homes and single family attached homes.

 DESIGN STANDARDS

- N. DEVELOPMENT STANDARDS**
- A. Planning Area 1: RESIDENTIAL-MEDIUM HIGH**
- Intent:** Residential-Medium High is intended to accommodate single family detached dwellings from Type (3) to eight (8) attached unit buildings.
 - Gross Density:** 8 - 11 dwelling units per acre
 - Standards Specific to PA-1:**
 - 55% of the PA-1 shall be provided in suitable open space and common outdoor recreation and may include a pocket park, passive open space, landscape building and the trail and open space corridor within the vacated adjacent ditch area.
 - The single family detached area shall incorporate two of the following recreational amenities:
 - Playground with equipment (minimum size 500 Square feet)
 - Sport court
 - Picnic area
 - One recreational element such as volleyball, horse shoe pit, bocce ball, shuffle board or dog park
 - Persistent seating area with shelter and gardens
 - Trail head
 - No more than eight (8) attached units are permitted per building. A maximum of 25% of the buildings within a tring may have up to eight (8) attached units per building
 - Off-street parking shall be setback a minimum of 12 feet from perimeter property lines
- 4. Use by Right:**
- All uses allowed in the R-2 City of Brighton Land Use and Development Code, as amended, as amended
 - Attached units placed on two separate lots for individual sale
 - Attached units placed on a common lot
 - Construction Trailers: Temporary construction storage yards, construction trailers and offices are permitted during the construction/uses period only
 - Agricultural Uses: Crop production and grazing are permitted until the commencement of construction when the Planning Area where the Agricultural Uses is occurring
 - Signage: Signage for construction trailers and model homes including sales centers are permitted in all residential Planning Areas. The applicable permits are to be submitted to the City of Brighton for review and approval
- 5. Accessory, Temporary and Conditional Uses:**
 Shall be permitted as described in the Tabulation of Uses of the City of Brighton Land Use and Development Code, as amended.
- B. Planning Area 2: RESIDENTIAL-MEDIUM**
- Intent:** Residential-Medium is intended to accommodate single family paired or duplex homes.
 - Gross Density:** 6.7 - 8.5 dwelling units per acre
 - Standards Specific to PA-2:** Double fronted lots are permitted adjacent to Banahie Road and N. 40th Avenue, however, no driveway or rear access from any home is permitted from Banahie Road and N. 40th Avenue.
- 4. Use by Right:**
- All uses allowed in the R-2 City of Brighton Zone District
 - Paired units placed on two separate lots for individual sale
 - Duplex units placed on a common lot
 - Construction Trailers: Temporary construction storage yards, construction trailers and offices are permitted during the construction/uses period only
 - Agricultural Uses: Crop production and grazing are permitted until the commencement of construction when the Planning Area where the Agricultural Uses is occurring
 - Signage: Signage for construction trailers and model homes including sales centers are permitted in all residential Planning Areas. The applicable permits are to be submitted to the City of Brighton for review and approval
- 5. Accessory, Temporary and Conditional Uses:**
 Shall be permitted as described in the Tabulation of Uses of the City of Brighton Land Use and Development Code, as amended.
- C. Planning Area 3: RESIDENTIAL-MEDIUM**
- Intent:** Residential-Medium Low is intended to accommodate single family detached homes.
 - Gross Density:** 4.6 - 6.8 dwelling units per acre
 - Standards Specific to PA-3:** Double fronted lots are permitted adjacent to Banahie Road and N. 60th Avenue with the specified landscape buffer. In-lot driveway access from any home is permitted from Banahie Road and N. 60th Avenue.
- 4. Use by Right:**
- All uses allowed in the R-2 City of Brighton Zone District
 - Construction Trailers: Temporary construction storage yards, construction trailers and offices are permitted during the construction/uses period only
 - Agricultural Uses: Crop production and grazing are permitted until the commencement of construction when the Planning Area where the Agricultural Uses is occurring
 - Signage: Signage for construction trailers and model homes including sales centers are permitted in all residential Planning Areas. The applicable permits are to be submitted to the City of Brighton for review and approval
- 5. Accessory, Temporary and Conditional Uses:**
 Shall be permitted as described in the Tabulation of Uses of the City of Brighton Land Use and Development Code, as amended.
- VII. VARIATIONS TO THE SINGLE FAMILY DETACHED RESIDENTIAL DESIGN STANDARDS (RDS) SECTION 17.44.228, 230 - 250 AS AMENDED**
- A. SINGLE FAMILY DETACHED RESIDENTIAL DESIGN STANDARDS**
- RDS**
- Incentives to Promote Variety in Construction which allows the developer to repeat the same home model elevation no more than every three (3) lots on the same lot.
 - All lots 50' or less in width in each Filing shall have an area equivalent to at least 50% of the front facade elevation (not including windows and door areas and related trim areas) clad in brick, stone, manufactured stone-like materials, stucco or other approved masonry materials
 - At least 40% of the homes within the Ridgeline Vista shall incorporate a qualified covered front porch which is a minimum of six (6) feet in depth with a minimum size of 48 square feet.
 - Max. of roof colour. Where asphalt shingles are used three (3) distinct roof colors are required to be dispersed throughout the neighborhood. Garage Design Standards (apples to garages facing a public street right-of-way) (see pages 51c, 17-44-228 of the RDS), as amended.
 - Alternative detached garages are encouraged but not required.
 - At least 40% of all street facing garages shall be recessed a minimum of four (4) feet behind the front facade of the structure or covered porch.
 - If no porch is provided, the garage door shall be recessed a minimum of two (2) feet from the face of the home.
 - Front-loaded and also court garages are exempt from these requirements.
 - A horizontal or vertical offset on the rear elevation of an alley loaded paired home is not required. This variation shall be provided by a change in color, roof form or cladding.
- Each homebuilder shall provide at least two (2) different floorplans for each. A mirrored floorplan shall not be provided as a separate plan.
 - At least three (3) elevation options shall be provided for each homeplan. The same elevation style shall not be repeated next door or directly across the street.
 - Each front elevation shall contain two (2) of the following design elements:
 - A front porch which is at least six (6) feet in depth and eight (8) feet in width.
 - 50% masonry cladding materials on the front facade, excluding the front porch.
 - Two distinctive cladding materials.
 - A 5:12 roof pitch on the primary roof form on the front facade. Roof pitches less than 5:12 may be used on secondary roof forms as appropriate for the architectural style of the home. Flat roofs are permitted as appropriate for the architectural style of the home.
 - At least 50% of the homes in each Filing shall have an area equivalent to at least 25% of the front facade elevation (not including windows and door areas and related trim areas) clad in brick, stone, manufactured stone-like materials, stucco or other approved masonry materials.
 - Max. of roof colour. Where asphalt shingles are used three (3) distinct roof colors are required to be dispersed throughout the neighborhood.
 - One (1) in every three (3) pairs of homes shall contain one front porch which is at least six (6) feet in depth and eight (8) feet in width.
 - 50% of the street facing garages shall be recessed a minimum of four (4) feet behind the front facade of the structure or covered porch.
 - 30% of the front-loading garages provided by each home builder shall provide an alternative complementary to the architecture of the home.
 - 30% of the front-loading garages provided by each home builder shall provide an enhanced garage door with windows or adornments complementary to the architecture of the home.
 - An enhanced elevation shall be provided on the corner side elevation adjacent to a public street right-of-way. Each corner side shall contain at least two (2) of the following design elements:
 - Wrap of the cladding materials the same as the front elevation for a minimum of six (6) feet on the side for masonry
 - Change in building form
 - Windows including box or bay window
 - Trim accents
 - A side porch at least four (4) feet in depth and six (6) feet in width
 - Garage Design Standards (apples to garages facing a public street right-of-way) (see pages 51c, 17-44-228 of the RDS), as amended.
 - At least 40% of all street facing garages shall be recessed a minimum of four (4) feet behind the front facade of the structure or covered porch.
 - If no porch is provided, the garage door shall be recessed a minimum of two (2) feet from the face of the home.
 - Front-loaded and also court garages are exempt from these requirements.
 - A horizontal or vertical offset on the rear elevation of an alley loaded paired home is not required. This variation shall be provided by a change in color, roof form or cladding.

 DESIGN STANDARDS

VII. VARIATIONS TO THE MULTIFAMILY BUILDING DESIGN STANDARDS (RDS) SECTION 17-44-270, AS AMENDED

A. SINGLE FAMILY ATTACHED RESIDENTIAL DESIGN STANDARDS

1. Primary pedestrian entries shall face a public street, provide drive or common open space corridor.
2. Single family attached units shall have one through public or private access drive that is continuous through the site with a dedicated sidewalk and tree lawn.
3. Alternate entry locations are not required for single family attached homes. Each single family attached unit is not required to be articulated to designate each unit. However, unit designation shall be provided as follows:
 - a. 2 to 4 units: No articulation or change in the front plane is required.
 - b. 5 to 6 units: One change in the front plane of at least two (2) feet.
 - c. Differentiation in the units shall be provided through diverse variations in the front building elevation, width of units or fenestration on the building facade.
5. The single family attached area shall incorporate two of the following recreational amenities:
 - Playcourt with equipment (minimum size 500 Square feet)
 - Sport court
 - Open area
 - Recreational element such as volleyball, horse shoe pit, bocce ball, shuffle board, dog park.
 - Passive seating area with shelter and gardens
 - Trail head
6. Exterior materials for each single family attached building (not unit):
 - a. 35% masonry on the front elevation and side or rear elevation adjacent to Baseline Road or N. 60th Avenue (not including window and door areas and related trim) or stucco. The balance being any type of lap siding or stucco.
 - b. 35% masonry on the front elevation and side and rear elevation adjacent to Baseline Road or N. 60th Avenue (not including window and door areas and related trim) with the balance being cementitious lap siding or stucco. (A cementitious lap siding is defined as a manufactured strip siding composed of cement-based materials other than wood fiberboard or plastic-based materials.
7. Garage Design Standards (applies to garages facing a public street (right-of-way) (Reference Sec. 17-44-228 of the RDS), as amended):
 - a. Rear loaded garages are encouraged for single family attached homes.
 - b. A pedestrian front door is required on the front elevation when a front-loaded garage is proposed.
 - c. The base of the garage door face shall be staggered as outlined in Mo. 4 above.

VIII. FENCING

- A. A consistent fence design is required throughout Ridgeline Vista.
- B. A 42-inch-high wood three rail fence is required on lot lines adjacent to parks, landscape treec and open space.
- C. A six (6) foot high solid privacy fence is permitted along the southern and western perimeter property lines.
- D. Rear and side yard fencing along Baseline Road and N. 60th Avenue shall have treated wood a maximum of six (6) feet in height. Masonry columns shall be provided in the fence along Baseline Road and shall be placed approximately 60-foot on center or to correspond with lot lines and changes in direction of the fence. No masonry columns are required along N. 60th Avenue.
- E. The required landscape buffers shall be located on the street side of the fence. Openings in the fences shall be provided per RDS section 17-44-150 (d), as amended.
- F. Fencing design and a fence plan shall be provided at the time of OCP and Preliminary/Final Landscape Plan.
- G. Preliminary/Final Landscape Plan.

IX. SIGNAGE

- A. The Primary entry monument is proposed along Baseline Road.
- B. An entry monument is required along Baseline Road. The monument shall be located at the corner of the site along Baseline Road. The monument shall be a minimum of 10 feet in height.
- C. One Secondary entry monument is permitted along N. 60th Avenue at an entry into Planning Area 1, Single Family Attached Residential.
- D. One Secondary entry monument is permitted along N. 60th Avenue at the main entry point into Planning Area 3, Single Family Detached Residential.
- E. All entry monuments shall have a common design theme and shall incorporate masonry utilized in the elevations of the homes.
- F. Secondary monuments shall be smaller in scale to the Primary monument and shall incorporate the name and logo of the neighborhood.
- G. Areas surrounding the entry monuments shall include enhanced specialty landscaping to announce arrival into the neighborhood.
- H. The design of all entry monuments shall be provided at the time of OCP and Preliminary/Final Landscape Plan.
- I. All signage shall comply with the City of Brighton Land Use and Development Code, as amended.

- NOTES**
- As measured at the front building setback line.
 - Measurement per City of Boulder Land Use and Development Code, as amended.
 - As measured from back of sidewalk on a public street right-of-way or edge of pavement on a private drive.
 - As measured to alley easement or alley easement window's groove.
 - Building separation not applicable with Veterans' public right-of-way or private drive.
 - Accessory units may not extend beyond the front or corner side building line.
 - Permitted encroachments into building setbacks:
 - a. Architectural features including but not limited to: awns, bay windows, chimneys, wrap-around porches, brick ledges, casters.
 - b. Unexcused encroachments may require a minimum of 24 inches.
 - c. Unexcused encroachments may require a minimum of 30 inches above ground level building setbacks to within five (5) feet of a lot line.
 - d. Encroachments may not extend into adjacent alleys, but may extend into the easement under.
 - Lot lines or the right-of-way may be used to determine the line of the wing or side court. Lot 500 and setbacks may be calculated to the lot line.
 - All setbacks are measured to the building foundation.
 - Setbacks not listed for reference cases shall meet the standards in the City of Boulder Land Use and Development Code, as amended.

CONCEPTUAL LANDSCAPE PLAN

**RIDGELINE VISTA
MIXED RESIDENTIAL P.U.D.**

RECOMMENDED PLANTING
The recommended landscape planting provided by landscape architects is intended to be water-wise and require low-maintenance to meet water needs. The trees along the public streets will be installed by the builder and are intended to save low water requiring land and drought tolerant trees. High visibility trees such as the palm tree, magnolia, and sycamore are recommended to highlight neighborhood character. Street trees of varying heights, including mature water-wise trees are permitted to highlight neighborhood character. Street trees are to be installed on the east. These plantings shall provide seasonal interest and shall be grouped by species for wider effectivity.

PLANTING REQUIREMENTS PER LOT TYPE

- Street trees shall include types of trees:
- 1. Single Small Ornamental Tree: One (1) tree per acre (160) linear feet on average. Trees to be planted based on utility services and driveway locations.
 - 2. Single Small Ornamental Tree: One (1) tree and seven (7) variegated shrubs.
 - 3. Paved Terrace: One (1) tree and five (5) variegated shrubs.
 - 4. Driveway: Two (2) trees and ten (10) variegated shrubs.
 - 5. Single Family Attached Lots: One (1) tree per two standard units and eight (8) variegated shrubs.

PARKS & OPEN SPACE

- In accordance with Section 17-20-240 of the City of Brighton and Line Code:
- Public Park land to be dedicated to the City at a rate of 3 acres per 1,000 population for local neighborhood parks.
 - Public Park land to be dedicated to the City at a rate of 3 acres per 1,000 population for local neighborhood parks.
 - Public Park land to be dedicated to the City at a rate of 3 acres per 1,000 population for community parks.
 - Open space shall be provided at a rate of 15 acres per 1,000 population.
 - Parks and open space dedication will be based on the total number of dwelling units at the time of final Plat.
 - A three (3) acre central neighborhood park is proposed with three (3) smaller pocket parks interspersed with the other open space credits. The neighborhood park and pocket parks will meet the neighborhood and local park needs in the neighborhood. Open spaces will be not through the real cession and bluffs and will be open space credits.
 - Any shortage in park acreage dedication will be met through other means if any.

AREA	PLANTING REQUIREMENT
Boxwood Square ROW	1 tree per 25 linear feet
Barstow Road (OT) side buffer	2 trees and 20 shrubs per 50 linear feet
N. 48th Avenue ROW	1 tree per 20 linear feet
N. 52th Avenue (OT) side buffer	2 trees and 15 shrubs per 50 linear feet
