I. <u>INTRODUCTION</u>

A. <u>Purpose and Intent.</u>

The District is being organized concurrently with The Lakes Metropolitan District No. 6. The Organizers have previously organized The Lakes Metropolitan District Nos. 1, 2, 3 and 4. Concurrently with the submittal of this Service Plan, the Organizers for the District have submitted for City approval amended and restated service plans for The Lakes Metropolitan District Nos. 1, 3 and 4, and a new service plan for The Lakes Metropolitan District No. 6. The Lakes Metropolitan District No. 2 Service Plan is not being amended.

The size and scope of the Project necessitate phasing made possible through the formation of multiple Districts. It is anticipated that the Districts (as hereinafter defined), collectively, will undertake the financing and construction of the Public Improvements. Specifically, the Districts anticipate entering into one or more agreements between and among themselves, which agreements shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements. The agreements will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The City's objective in approving the Service Plan for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the District or other legally available revenues of the District, and to provide for the operation and maintenance of all or a portion of the Public Improvements. The District is an independent unit of local government, separate and distinct from the City. The Public Improvements shall be designed, constructed, operated and maintained in accordance with the City Approvals, and shall be for the use and benefit of all anticipated residents and taxpayers of the Districts.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose of the District is to finance and fund the construction of the Public Improvements, and to provide ongoing Operation and Maintenance of all or a portion of the Public Improvements. The District shall be authorized to finance the Public Improvements that can be funded from Debt which is to be repaid from the Debt Service Mill Levy, Special Assessments, Fees, and/or other sources of revenue, and to Operate and Maintain certain of the Public Improvements as set forth in the City Approvals, including, without limitation, the maintenance of all landscaping and drainage tracts within the boundaries of the District.

It is the intent of this Service Plan to assure, to the extent possible, that no property bear an economic burden that is greater than that associated with revenues from the Debt Service Mill Levy, Fees, Special Assessments, and/or other sources of revenue, even under bankruptcy or other unusual situations. Generally, the costs of Public Improvements that cannot be funded within these parameters are not costs to be paid by the District.

В. Need for the District.

Other than the Districts, there are no governmental entities, including the City, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, financing, operation and maintenance of the Public Improvements. Formation of the District is therefore necessary in order for the Public Improvements to be provided in the most economic manner possible.

III. PROPERTY INFORMATION; ESTIMATED PUBLIC IMPROVEMENT COSTS

A. <u>Property Information.</u>

A vicinity map depicting the Project is attached hereto as **Exhibit A.** The Inclusion Area Boundaries encompass approximately 214.556 acres of residential and non-residential land. The Initial District No. 5 Boundaries encompass approximately one (1) acre, and the legal description and detailed boundary map for the Initial District No. 5 Boundaries are attached hereto as **Exhibit B-1** and **C-1**, respectively. It is anticipated that the Initial District No. 5 Boundaries may change from time to time as the District undergoes inclusions and exclusions pursuant to Section 32-1-401, et seq., C.R.S., and Section 32-1-501, et seq., C.R.S., subject to the limitations set forth in Section IV.A.12.

The population of the Districts at build-out is estimated to be approximately five thousand two hundred ninety-five (5,295) people. The current assessed valuation of the property within the Initial District No. 5 Boundaries is approximately Fifty Dollars (\$50) and the projected assessed value of the District at build-out is expected to be sufficient to reasonably discharge the Debt under the Financial Plan attached hereto as **Exhibit D**.

Approval of this Service Plan by the City does not imply approval or vesting of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, which approvals shall be as set forth in the City Approvals. The approval of this Service Plan by the City in no way relieves the developer of the Project of any developer guarantees or other conditions, requirements or commitments as set forth in the City Approvals or as otherwise required by the City.

B. Preliminary Engineering Survey.

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance, and financing of the Public Improvements. A list of the Public Improvements the Districts anticipate providing, including a cost estimate for each category of improvements in current-year dollars, is attached hereto as **Exhibit E**. Notwithstanding the foregoing, the list of Public Improvements as set forth in **Exhibit E** is subject to change as development within the Inclusion Area Boundaries progresses and in accordance with City Approvals. The Districts shall be authorized to construct Public Improvements as provided hereunder and as may be more specifically defined in the City Approvals. The estimated costs of the Public Improvements were prepared based upon a preliminary engineering survey and estimates and is approximately Seventy-Six Million Eighty-Six Thousand Nine Hundred Fourteen and 26/100ths Dollars (\$76,086,914.26). Such estimated costs are based on the assumption that construction will conform to the City Approvals and any other applicable local, State or Federal requirements.

The District will obtain the approval of civil engineering plans from the appropriate jurisdiction and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.
- 7. Zoning and Land Use Requirements. The District shall be subject to all of the City's zoning, subdivision, building code and other land use requirements.

- 12. <u>Inclusion and Exclusion Limitation</u>. Except for property within the Inclusion Area Boundaries, the District shall not include any properties into its boundaries without the prior consent of the City Council, which consent shall be evidenced by resolution. If the District has issued Debt, and such Debt remains outstanding, the District shall not exclude any property from its boundaries without the prior consent of the City Council, which consent shall be evidenced by resolution.
- 13. <u>Overlap Limitation</u>. Without the prior consent of the City Council, which consent shall be evidenced by resolution, the boundaries of the District shall not overlap with any other district formed under the Special District Act.

- 15. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to the Intergovernmental Agreement. This Section shall not apply to specific ownership taxes which shall be distributed to and be a revenue source for the District without any limitation.

- 16. <u>Consolidation Limitation</u>. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior consent of the City, which consent shall be evidenced by resolution, unless such consolidation is with any one of the other Districts.

- 18. <u>Fees.</u> The District may impose and collect Fees for services, programs or facilities furnished by the District. The District may from time to time increase or decrease the Fees. The District may also receive revenues from Public Improvement Fees. The District may use the revenue from Fees and Public Improvement Fees for the payment of Debt and Operation and Maintenance costs.
- 19. <u>Special Assessments</u>. If authorized in the Intergovernmental Agreement, the District may establish one or more special improvement districts within the District boundaries and may levy a Special Assessment within the special improvement district in order to finance all or part of the costs of any Public Improvements to be constructed or installed that the District is authorized to finance.
- 20. <u>Bankruptcy Limitation</u>. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Debt Service Mill Levy, the Operation and Maintenance Mill Levy, Fees and Special Assessments, have been established under the authority of the City to approve the Service Plan pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:
- (a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and
- (b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the District shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, thus necessitating a material modification that must be submitted to the City for its consideration as a Service Plan Amendment.

21. Reimbursement Agreements. If the District utilizes reimbursement agreements to obtain repayment from third-party developers or adjacent landowners for costs of Public Improvements that benefit third-party landowners, and if such Public Improvements have been financed by the District through the issuance of Debt that remains outstanding, any and all resulting reimbursements received shall be deposited in the District's debt service fund and used solely for the purpose of retiring the District's Debt that financed such Public Improvement, or as otherwise set forth in the Intergovernmental Agreement. If the District issues Debt to finance or

refinance Public Improvements that benefit one or more of the other Districts, and receives reimbursements from such benefitted District while such Debt remains outstanding, any reimbursements so received shall be applied solely for the purpose of retiring the District's Debt that financed or refinanced such Public Improvements.

22. <u>Major and Minor Arterial Streets</u>. The District shall be required to construct or cause to be constructed the full width of all major and minor arterial streets within the District and around the perimeter of the District, as further detailed in the City Approvals, unless otherwise provided in the Intergovernmental Agreement. The District may coordinate such construction responsibilities in one or more intergovernmental agreements among the Districts.

B. Service Plan Amendment.

This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in IV.A. above or in V.B., V.C. or V.D. herein shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin or modify such actions of the District, including the necessity for the District to process a Service Plan Amendment. All Service Plan Amendments shall be processed by the City in accordance with the provisions of the Special District Act, including, without limitation, all notice and public hearing requirements.

V. FINANCIAL PROVISIONS

A. General.

The District shall be authorized to provide for the financing, planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the District. The District shall also be authorized to provide Operation and Maintenance as further set forth herein and in the Intergovernmental Agreement, which shall be paid from the Operation and Maintenance Mill Levy and other legally available revenues of the District. The District may impose a mill levy on Taxable Property as a primary source of revenue for repayment of Debt service and for Operation and Maintenance, subject to the terms and provisions contained herein and in the Intergovernmental Agreement. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the assessment of Fees as provided in Section 32-1-1001(1), C.R.S. and in accordance with Section IV.A.18; and the imposition of Special Assessments as provided in Section 32-1-1101.7, C.R.S. and in accordance with Section IV.A.19.

It is anticipated that the Districts, collectively, will undertake the financing and construction of the Public Improvements as further set forth herein, and this Service Plan sets forth a combined Financial Plan for the Districts, which is attached hereto as **Exhibit D**. The Financial Plan reflects that the Districts will issue no more Debt than the Districts can reasonably expect to pay from revenues derived from the Debt Service Mill Levy, Fees, Special

Assessments and/or other legally available revenues, including intergovernmental agreements among the Districts. The Districts may issue such Debt on a schedule and in such year or years as the Districts determine shall meet the needs of the Financial Plan and phased to serve development as it occurs.

B. <u>Maximum Voted Interest Rate, Maximum Underwriting Discount and Maximum</u> Term of Debt.

- 1. The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. The maximum interest rate on any Debt shall not exceed fifteen percent (15%), and any Debt-related ballot questions approved after the date of this Service Plan shall include such interest rate limitation. Interest on any Debt of the District, or other District obligations payable in whole or in part from the revenues derived from the Debt Service Mill Levy, shall be simple per annum interest, and shall not compound. The maximum underwriting discount shall be five percent (5%). The documents pursuant to which any Debt is issued shall prohibit the acceleration of principal of such Debt.
- 2. The maximum term of any Debt issued by the District shall be forty (40) years, and any amount of outstanding principal and/or accrued interest that remains unpaid upon the final maturity date of any Debt shall be deemed to be forever discharged.
- 3. Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities. All debt-related election ballot questions shall be drafted so as to reflect the provisions in this Section V.B. Prior to any election to authorize the issuance of Debt, the District shall cause a letter prepared by an attorney in the State of Colorado to be provided to the City opining that the election questions related to the Debt include the limitations in Section V.B.
- 4. Failure to observe the requirements established in this Section shall constitute a material modification under the Service Plan and shall entitle the City to all remedies available at law and in equity.

C. <u>Debt Service Mill Levy, Operation and Maintenance Mill Levy and Maximum</u> Combined Mill Levy.

1. The District may impose an ad valorem Debt Service Mill Levy (a mill being equal to 1/10th of 1 cent) upon the Taxable Property within the District for the purpose of paying the debt service requirements on District Debt. The Debt Service Mill Levy shall not exceed fifty (50) mills, subject to the Mill Levy Adjustment, without the prior approval of the City Council, which approval shall be evidenced by resolution. In addition, the District may request that the City process a Service Plan Amendment to increase the maximum Debt Service Mill Levy that may be imposed to repay District Debt or to provide that the Debt Service Mill Levy shall be such amount as is necessary to pay the debt service on such Debt, without limitation of rate.

No Debt Service Mill Levy shall be imposed by the District to finance Public Improvements until the City has approved a final plat and development agreement for the phase

of development within the portion of the Inclusion Area Boundaries that includes such Public Improvements.

No District shall impose a Debt Service Mill Levy for more than forty (40) years after the date on which such District imposed its initial Debt Service Mill Levy, unless: (a) a majority of the Board imposing the Debt Service Mill Levy is comprised of End Users, and (b) the Board has voted in favor of extending the time that the Debt Service Mill Levy may be imposed for the payment of Debt issued by such District.

2. The District may impose an ad valorem Operation and Maintenance Mill Levy (a mill being equal to 1/10th of 1 cent) upon the Taxable Property within the District for the purpose of paying Operation and Maintenance costs.

No Operation and Maintenance Mill Levy shall be imposed until the Intergovernmental Agreement is executed by both the City and the District.

- 3. The maximum combined mill levy, including the Debt Service Mill Levy and the Operation and Maintenance Mill Levy (the "Maximum Combined Mill Levy"), shall not exceed sixty (60) mills, subject to the Mill Levy Adjustment, without the prior approval of the City Council, which approval shall be evidenced by resolution. In addition, the District may request that the City process a Service Plan Amendment to increase the Maximum Combined Mill Levy.
- 4. Failure to observe the requirements established in this Section V.C. shall constitute a material modification under the Service Plan and shall entitle the City to all remedies available at law and in equity.

D. <u>Debt Parameters</u>.

- 1. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S., all other requirements of State law and the provisions of this Service Plan. In addition, the District shall not: (a) issue any Debt; (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the debt service fund; (c) impose and/or collect any Fees to be used for the purpose of repayment of Debt, or (d) levy any Special Assessments, prior to the approval by the City of a final plat and development agreement relating to that phase of development within the portion of the Inclusion Area Boundaries that will be financed with such Debt, mill levy, Fees or Special Assessments.
- 2. The maximum total aggregate principal amount of Debt that may be issued or incurred by all of the Districts combined shall not exceed One Hundred Twenty Million Dollars (\$120,000,000), without the prior approval of the City Council, which approval shall be evidenced by resolution. Debt that is issued for the purpose of refunding outstanding Debt shall not be counted against such One Hundred Twenty Million Dollars (\$120,000,000) debt limitation; provided, however, that if the aggregate principal amount of the refunding Debt exceeds the outstanding aggregate principal amount of the refunded Debt, the increase in the principal amount shall be counted against such debt limitation.

- 3. The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations, nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

VII. <u>DISSOLUTION</u>

The District agrees to file a petition in the appropriate District Court for dissolution, pursuant to the applicable State statutes when the District Board deems it to be in the best interest of the District to dissolve, provided that the District is no longer performing the Operation and Maintenance services and such responsibilities have been assigned to and assumed by another entity. In no event shall dissolution occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

VIII. MEETING LOCATIONS AND DISCLOSURE NOTICES

The District shall use reasonable efforts to ensure that copies of the annual notice, public disclosure document and map of the District boundaries are provided to potential purchasers of real property within the District as part of the seller's required property disclosures.

IX. INTERGOVERNMENTAL AGREEMENT

The District and the City shall enter into an Intergovernmental Agreement, a form of which is attached hereto as **Exhibit F**, provided that such Intergovernmental Agreement may be revised by the City and the District to include such additional details and requirements therein as are deemed necessary by the City and the District in connection with the development of the Project and the financing of the Public Improvements. The District shall approve the Intergovernmental Agreement at its first Board meeting after its organizational election. Failure by the District to execute the Intergovernmental Agreement as required herein shall constitute a material modification hereunder. The Intergovernmental Agreement may be amended from time to time by the District and the City, provided that any such amendments shall be in compliance with the provisions of this Service Plan.

X. <u>CONCLUSION</u>

It is submitted that this Service Plan for the District, as required by Section 32-1-203(2), C.R.S., establishes that:
