- (1) Amounts reported are net of tax incentive rebates and transfers to BURA; and represent all funds. The 2016 and 2017 Actual column may include sales tax from a prior period collected in the current year.
- (2) The January 2017 "actual amount" is an accrual of sales tax that is estimated to be collected in February.
- (3) We understand the large sales tax collections in September and December 2016 resulted from businesses utilizing specific Federal income tax provisions that may not re-occur in future years.
