

Vote Yes on 1A & 1B

Adams County needs to act now

Adams County is one of the top counties in the nation for job growth. Over the next thirty years, it is expected that Adams County will surpass the population of Denver and become the third largest county in Colorado. We need to act now to plan better for growth and preserve our quality of life.

1A & 1B are the right solution at the right time

Without increasing taxes, 1A and 1B will give Adams County the resources it needs to:

- Preserve land that protects water quality;
- Maintain and improve roads and bridges;
- Protect wetlands, rivers, and streams;
- Ease congestion;
- Protect open space to limit sprawl; and
- Maintain and improve parks.

1A & 1B support important projects

Passed by Adams County voters multiple times, both of these measures will continue programs that have had proven, tangible results. Here are just some of the projects supported by these measures:
