Re: Letter of Support for Adams County's 5-Star State Certification Program Application

Dear Director Hunsaker Ryan,

I write this letter to inform you that the City of Brighton is in full support of Adams County's application for a variance to establish a 5-Star Certification Program. We are fully committed to ensuring the success of the program which will provide an opportunity for certified businesses to increase capacity while following the enhanced protocols required to keep the community safe and open. The City of Brighton has been working with Adams County and all of our partners to create a reasonable and sustainable plan to ensure compliance and safety for businesses and customers alike.

Staff has been identified who will create and serve on the Administrative Committee and will be responsible for ultimately executing and overseeing the Adams County 5-Star Program. We will dedicate all resources needed to ensure proper protocols are being followed in accordance to guidelines set forth by CDPHE.

The City of Brighton is committed to providing a safe environment for all residents, businesses and visitors.

Respectfully,

Gregory Mills, Mayor

Jane Bais DiSessa , City Manager

Cc: Brighton City Council
Raymond Gonzales, County Manager- Adams County
