PURPOSE

City staff is requesting that the City Council amend the current mobile vending regulations found in Article 5-98 of the *Municipal Code*. This amendment would further align the Code with the changing environment of mobile vendors and would allow the City to be a leader in how mobile vendors are regulated. This amendment would also allow the City's residents further options when it comes to shopping and dining in Brighton.

BACKGROUND

The *Municipal Code* contains provisions for mobile vending that were written in 2004. Under those vending regulations, all mobile vendors are treated the same, regardless of what they are selling. This means that whether a person is selling appliances, selling insurance, or someone making and selling street tacos, they have to abide by the same regulations. While these regulations worked for Brighton at that time, the national trend has been for mobile vendors to become more accepted in communities. Not only is it a national trend, but staff has also heard from Brighton residents regarding the starting of potential food truck businesses and under our current regulations, operations would be very limited. With all

these factors, in April 2017, staff brought a proposal before City Council to get direction on how to proceed. At that study session meeting, City Council directed staff to proceed with an amendment to the mobile vending code to bring it up to the trends of the industry.

Since that time, City staff has worked with various entities, both internal City departments and external agencies such as TriCounty Health, as well as holding a meeting with downtown business owners, to write a draft of the code that meets the direction from City Council. The new draft of the mobile vending code has been attached to this staff report and clearly defines what is allowed and is not allowed, creating a predictable environment for both vendors and the City staff who needs to regulate the vendors.

SUMMARY OF PROPOSED CODE AMENDMENT

Staff recommends Section 5-98 the "Brighton Municipal Code" is repealed in its entirety and readopted to read as follows:

Licenses and permits issued pursuant to the provisions of this Article may be revoked or suspended by the City Council after notice for any of the following causes:

1. Fraud, misrepresentation, or false statement(s) contained in the application for license or permit;
2. Fraud, misrepresentation, or false statement(s) made in the course of carrying on the business for which the license or permit is issued;
3. Any violation of a City ordinance or state statute; and
4. Conduct of the business in an unlawful manner or in such a manner as to constitute a breach of the peace or to constitute a menace or danger to the health, safety or general welfare of the public.

To not create any inconsistencies in the code, it would also be necessary to make a few minor changes to other sections of code. Because of this, staff recommends Article 5-48-10(1) of the "Brighton Municipal Code" is repealed in its entirety and readopted to read as follows to ensure all references to this section are updated:

- (1) Excluding *Outdoor Vendors*, as defined in Section 5-98-10, *canvasser* or *solicitor* means an individual, whether a resident of the City or not, traveling either by foot, wagon, automobile, motor truck, or any other type of conveyance from place to place, from house to house, or from street to street, taking or attempting to

take orders for sale of goods, wares and merchandise, personal property, or any nature whatsoever for future delivery, or for services to be furnished or performed in the future, whether or not such individual has carried or exposed for sale a sample of the subject of such sale or whether he or she is collecting advanced payments on such sales or not; provided that such definition includes any person who, for himself or herself, or for another person, hires, leases, uses, or occupies any building, structure, tent, railroad boxcar, hotel room, lodge house, apartment, shop, or any other place within the City of the sole purpose of exhibiting any samples and taking orders for future delivery.

Staff also recommends Section 17-24-40 of the "Brighton Municipal Code" is repealed in its entirety. This section of code speaks to temporary sales stands not being allowed except by a special permit. Staff is recommending removing this section of Code so that all code pertaining to vending outdoors is found in the same area of the Code. These two minor changes will assure the code is consistent across its entirety regarding outdoor vendors.

PLANNING COMMISSION RECOMMENDATION

On December 12, 2017, the Planning Commission reviewed the proposed code amendment. After discussion to ensure they understood what the changes would and would not allow, the Planning Commission voted to recommend approval of the code amendment as it was presented. That recommended version is the one included in this packet.

STAFF RECOMMENDATION

As mobile vendors become more common across the Front Range, it is important the City has regulations that are able to meet both citizen needs and industry needs. Staff believes the proposed Code amendment does that and recommends approval of the amendment.
