RE: Recommendation to re-appoint Mark Humbert to the District Plan Commission

Mayor Mills and Members of City Council,

I am writing this letter on behalf of the District Plan Commission.

Members of our commission reviewed Mark Humbert's prior service on the District Plan Commission, and following an informal discussion recommend that City Council re-appoint Mark as a Commissioner. The following qualifications are cited from the Board and Commission Application:

- Understands the structure and purpose of the District Plan
- Experience on advisory boards with agricultural practices
- Understands the value to Brighton of the agricultural ties to Historic Splendid Valley
- Defined goals to promote Historic Splendid Valley in agricultural pursuits and promotion

Thank you for your consideration.

Best regards,

Andrew Sword
Chair of the District Plan Commission
