Attachment 1: Cemetery Department Fee Schedule

Definitions: For purpose of assessing cemetery fees and charges, a "**Resident**" shall refer to the deceased, and be defined as having resided in the corporate limits of the city of Brighton as a primary place of residence; or, having resided within the corporate limits prior to being relocated outside the corporate limits necessitated by health or personal care requirements. When purchasing a grave at the resident rate the interment will be at the resident rate.

"Full-size burial plots" can have one upright monument and one flat marker. There can be four cremations and one full burial in a plot: or eight cremations. At least two full working days' notice must be given to the Cemetery Manager for the intention to bury remains of any person or pet in the Brighton cemeteries; more time may be needed if the ground is frozen.

Payment Plan (Pre-Need): Installment payments can be made only on the gravesite or columbarium niche and perpetual care, NOT opening/closing. A \$100.00 down payment per grave/niche is required; this is in addition to the purchase price of the grave/niche, perpetual care, and opening/closing. To be used, a gravesite/niche must be paid in full, including the opening/closing fee. A headstone or plaque WILL NOT be set on any grave/niche that has not been paid in full. If a family buy's four graves/niches and uses one, a headstone/plaque cannot cover the unpaid grave/niche spaces, only the one that is paid in full. Monthly payments start one month from the contract date, AFTER receiving the full down payment. The customer will be given two years from the contract date to make payment in full for the graves/niches being purchased. A default on two monthly payments will void the payment plan and the gravesite/niche will revert back to the City of Brighton inventory to be sold. No refunds or future credits will be issued on contract purchases that default.

Attachment 12: Recreation Center, Oasis Family Aquatic Park, And Eagle View Adult Center Fees

A. Recreation Center

Public recreation services shall be available to all citizens of the City of Brighton. Since demands for recreation services and facilities may exceed public funding resources, fees may be established to provide a variety of programs and facilities.

Classification Of Fees

Recreation service fees are classified into three categories:

- Basic Basic recreation services are offered free of charge. Recreation program facilities are provided to maximize resources and impact the greatest number of users. These include open special events, festivals, and general use of park facilities. Public funds from the general tax base will be committed to fulfill the recreation needs for community accepted activities.
- 2. Enhanced Enhanced recreation services provide a direct benefit to the user. The recipient shall pay a fee based on cost recovery. Enhanced recreation programs shall recover different percentages of the cost. In general, youth programs shall recover 50% of direct costs and adult programs shall recover 100% of direct costs. The youth reduced rate program for the Brighton recreation center and the Brighton Oasis family aquatic park is for youth 18 years and under of a family qualifying for the reduced rate program. At the recreation center, youth receive free admission and a 50% discount for eligible recreation programs. At the Brighton Oasis Family Aquatic Park, youth receive a 50% discount on admissions. Adults qualifying for the reduced rate program are eligible to purchase any of the adult membership types offered at the Brighton recreation center at a 50% discount. Adults will pay full price for entry into the Brighton Oasis Family Aquatic Park. The membership types shall include daily drop-in, 10 or 15 visit pass, quarterly and annual passes. Recovery rates shall be based on the cost of the service, ability of the user to pay, market demand and community need. A reservation or admissions fee may also be charged for administrative control purposes. The Parks and Recreation Department will at the discretion of the Director, or their designee, periodically offer promotional fees on enhanced recreation services and membership passes for marketing purposes.
- 3. Private/Public Enterprise Services Private/public enterprise services are programs and services where the user receives the total direct benefit and shall pay 100% of the total cost to provide the service. This will include both youth and

adult programs. The fee structure shall be competitive with other agencies and businesses.

General Fee Guidelines

Direct costs are those expenses which are incurred in conducting programs or operating facilities. Direct cost recovery pricing strategies are established to recoup expenses such as salaries, supplies, and utilities. Direct benefit fees attempt to recover a percentage of the direct costs associated with the program or facility subject to community need, market demand, and cost of the program.

Indirect costs are those administrative expenses that are incurred by the department to provide programs to operate facilities. Administrative and clerical support and ongoing maintenance are examples of indirect costs. Indirect and direct expenses should be recouped through the recovery cost fee when the activity is an enterprise or enhanced program.
