RE: Recommendation to appoint Sophia Imperioli to the Historic Preservation Commission

Mayor Mills and Members of City Council,

I am writing this letter on behalf of the Historic Preservation Commission.

Members of our commission reviewed Sophia Imperioli's application materials and conducted an interview on September 25, 2025 for a Commissioner position. After completion of the interview, members voted in favor of recommending that City Council appoint Sophia as a Commissioner. The following qualifications are cited from the Board and Commission Application and interview responses:

- Understands the structure and purpose of the Historic Preservation Commission
- Experience with the Louisville Historical Museum and preservation efforts
- Educational experience – pursuing a Master's in Public History
- Defined goals to promote historic preservation within the City of Brighton

Thank you for your consideration.

Best regards,

Valerie Cooper
Chair of the Historic Preservation Commission
